¹"Does someone in the district oversee or coordinate health promotion activities or services for school faculty and staff throughout the district? Faculty and staff health promotion activities or services focus on prevention of physical illnesses or injuries, promotion of physical fitness, promotion of mental health, or other activities or services designed to assist school faculty and staff experiencing problems that can impact job performance, physical health, or overall well-being." (State Faculty and Staff Health Promotion Questionnaire, Item 7)

²"Has your state adopted a policy stating that districts will have someone to oversee or coordinate health promotion activities or services for school faculty and staff throughout the district?" State Faculty and Staff Health Promotion Questionnaire, Item 8)

³"Has your district adopted a policy stating that each school will have someone to oversee or coordinate health promotion activities or services for their faculty and staff?" (State Faculty and Staff Health Promotion Questionnaire, Item 9)

⁴Representatives from the Georgia State Department of Education indicated that the state does not enact policies addressing faculty and staff health promotion.
